SOME ECHOES FROM THE ALABAMA PRESS ASSOCIATION

WHAT THE NEWSPAPER FOLKS ARE SAYING ABOUT DO THAN AND THIS SECTION OF ALABAMA, MUCH PRAISE

Dothan and the Wiregrass An Elo- work houself assisted by his some to also discount in a

By Bruce Kennedy

he hears that the growth of Dothan los been surursus. That U present day metropolis of the Wite tass is one of the most of sixth only in Alabama

The real fact is Dothor is idready the eight city of the state } In 1890 the population of Dothan may 347. Ten years later the conens howed a "To people. It was population at Defining as a rose about this time (1900) that the life is and that a full 1 september 1 the first class a enthus istic citi cas set their population goal at 10,000. This has fleu to county at more fighter the will receive \$13.75 already been passed and now to the home of the white many Villa is in the first class 170 the e 1/1 to ative Dothamtes have set out to catch Annison and Schna respectively the fourth and in the estics of the state. The have a grad chance to win too b one these Wnegrass folk have succe ded in everything they have undertaken thus but in their first fronds of Houston county through experiment at ony building.

This could need on everything but many turners heligane in full they will receive \$6.90. This thereabout). This is the thing that for the Williamson method, and class numbers 11646. left a deep impression on the Ala [that several of them will rate it banna new paper men who met on I that The Advertiser has bon Dethan last weck. Other Alaham Chelpful to them in their experi communities three grown into mental farming At one place w prendenties with the help of Nort saw a picture-que wifer and erices and Westerners Dothan turning corn into meal in 3 of an has been built by Wiregrass pro other place was an aper date the The real men and women of larry where the owners young Dothan who spin through its men a me Hill thorough ola stricts in given big automobiles leated did then cwn worl. They enided by professional charifeties had a fine head of fers your are these men and women used to were slepton ferseyed and exthe old field school hancs of thin with pure milk in 1 51 900 Houston and Henry of Coveret or All of the farm house are vill the opportunities in and about of the fertile helds of foccion Dothan They seized the opportun Blimois where the coun people ties Now many of them are rick as riches go n Militime

Fertility of the Boil

The visital chitoes were as temsher at the criticis of the their builted. It is built in no sal around Pathan. Macconnug. from extreme and Mahamichad a value idea that the Wirekinso blanded work in the soil side. In section was estimated of hairen fields covered with 5 rub pines [them within a relius of a new that the performable a brandon. iring predicing turpentus and le blot er a la nga en ef mant them that about ducational facilithes were meantered that the wire a lattiss thruls set to is true there is methode enervating alouf the chursteners the Florida has but if the Wire claspeople were talenge they have of them awakened about the same banks and hotels and new-papers er "Let us to to Dothan "

And so it was that the editors who had never visited the Wire grass before viere struck with the mation to conceive that this city beauties of its farm life. They of 10 000 inhabitants had a reti vere given the opportunity to 3 200 people ten years ago Wh re drive ten and fifteen miles into twenty years ago was an old hild scation of Pythagoras 1 id e ti . the country around Dothan They is now the sixth city of Alabami evening at 5 o lock Week a the discovered that the foundatino of city with eleven churches, four se and degree. There will six be Dothan its real backbone is the fine school buildings, a paid bre work in the third degree tought *mail farm-the farmer who oper department, thre, railroads, bree at 8 o colck ates a farm of twenty five or 100 newspapers, two excellent halels. neres and who does most of the

Brandenburg has been acquit ted of stealing the Chycland let tera, but was nabbed again on a kidnapping charge

The Is It-Hot Enough I or You man means no harm. He feels and that is the ensure thing for think of Let him off

Birmingham's Coroner call him Birmingham's for she claims everything that helongs to Jefferson) has been crowded at work here of late. He has bud to sit on nine dead bodies during the last four or five days

Without a comment, the Age Heraid's cartoonist fixes up the situation in such a way that any boy knows what he means Hmerely drew the picture of a will ed collar. That was all, but it was enough to answer the common question

Just at the season of the year when the public is looking over the magazines and papers, trying to pick out a place to go for a few weeks' recreation and resi the announcement comes tha \$700,000 has been refused for Tate Springe

Telegraph and telephone poleget in the way of more automobiles than any other one agency unless it is fast moving expres trains Occasionally, an automo bile will turn turtle, or jump int a ditch, after throwing a tire, bu usually they don't take to the form of sport as readily as they do to the telegraph and telephone

The season is almost ripe for old "Vox Populi," "Veratas," "Voter," and the various writer who keep the public intermed or the burning manes of the eam paigu, and an a personal grav ance at the same time. We wan to warn them, so far as this paper is concerned, if they have an idea that might benefit the public we want to give the rest originator th chenefit of it, and therefore will let them put the real signature to such actules.

The latest market report show that radium is looking up. It is discouraging to see how the daily necessation are going higher by leaps and bounds. When you think of having to pay \$9 000,000 for every pound of radium one uses, it makes the goose bumps come out one's person. We shall have to discontinue the use of radum, and try a substitute We love to know that we are using the best and purest of everything but when a commodity goes to that price, it shouldn't be expect ed of a person to keep a fresh supply always in stock

the country has read something of the gold brick scheme that has been worked for years Every boy even knows better than to fool with them - It was a common thing to be worked in the middle west, a dozen or twenty years ago, and it has been reported that a pretty fair business was done in the South New York though, Pablo Beach, Florida has been headquarters for the Cumberland Island, Georgia twin-brother, the greengoods en | St Simons Island, Ga, terprise So it comes as a great Tybec Island, Ga surprise and a relief, to hear that business, paid \$5,100 the other day sorts and spend your vacation at very small cost for a sack of brase fillings worth

Continued from Page 1

an electric light system, pure at tea an water system, which pro-भारते प्रक्ष dramage and प्रशासका / severage system, four maisonal banks, a free must deliver, s r vice, with a hundsome govern ment building under construction two thestres, a public liberty, a scores of manufacturing establishments

Herstofore agriculture has been stroyed by the enterpressing citizens of Dothan Now they have come to realize that a creal city eannot depend entirely on prothats of the farmer With a population of 10 000 they have diece mined that in another decade Do than shall have 20,060 people They have organized a Commitenal Club with a paid secretary and they have gone out into the world of trade and commerce to gather factories They know that induction into most be oftened income they are not niggardly. They have announced that Dothan will give free of encumbrance and without price sufficient ground on which to establish factorus, will exempt the plants from taxation for five years and, more to the point, Do than capital will be subscribed for a reasonable amount of the stock in any industry that is on messlike working basis

Manufacturers have already to ken advantage of this liberal of fer and there is now in Dothun a large cotton oil mill, three im mense fertinzer factories, a large lumber plant, three tynning mills a variety works, two compresses a foundry and machine shop, grist mill and a cigar factory and a mattress factory

Looking for Factories.

Anything into which triaber and cotton enters can be manufactor ed in Dothan The cotton receipts are approximately 100,000 bule and Southeast Alabama is famous for the varieties of its timber The secretary of the Commercial Chil save that Dothan needs and care for a cotton mill, a knitting mill s-twine and rope mill, a furniture factory, a paper null, a pottery a seap factory, a stove factory, a wagon factory and many others of like kınd

While the men of Dothan at ctive in promoting the material welfare of the city, the women have not been title The findics Improvement Club is taking a keen, intelligint interest in these Things that make for the home hife of he city. They are working ganthingly to make the city beau tiful . They are advocating street and sidewalk and yard improve ment They have as their capacini care, the city's cometery Then labors have not been in vain be bause Dothan's streets are orna mented with as many bandsome homes and picturesque lawns as any city in the state can boast

And Dothan is a moral commun ity There is little need for a police court One finds a great many persons in Dothan opposer to the prohibition law, but not one apposed to its enfreement The law is enforced in Dottan too There are no "blind tigers" for the very good reason that there are no "soit drink" stands "Can't I get even a glass of

near beer?" asks the drinking

"No aree," responds the Dothanite "Near beer is not sold in Dothan " Investigation discloses it is a fact The oit; fathers found they could not deal with prohibition if itear beer was to be per united, so they cut off near beer

After all the business of the postoffice speaks for the growth tors, that somer or later I ach or mactivity of a city Postmaster Sain will go into the banking Trammell has grown with Dothan business, the newspaper business crease Here are the figures for then that should be accorded the he sale of atemps covering ten class of stuff he sends out
